Re: WC Docket No. 18-336 and CC Docket No. 92-105 regarding the National Suicide Hotline Improvement Act of 2018.

Dear Madam,

United Way of Florida appreciates the opportunity to comment on the current effort undertaken by the Federal Communications Commission to study the feasibility of designating a three-digit number to the National Suicide Hotline and to assess the effectiveness of the current National Suicide Prevention Lifeline. In Florida, our United Ways fight for health, education and financial stability by investing in 211.

We acknowledge efforts are needed to create a safe place for all people to call – especially underserved or marginalized populations such as seniors, people with physical or intellectual disabilities, people that identify as LGBTQ+, Veterans, American Natives, non-English speakers, and individuals facing complex problems such as substance/opioid use, human trafficking, and domestic violence. Our organization has a 38 year history of reaching out to the underserved and today we work with our partners around the state to drive systemic changes to solve our state's toughest problems like mental health and crisis.

Another three-digit code may erode the simplicity of a single point of access for community help. Despite concerted efforts by numerous social services, and multiple hotlines, in our community to educate and market the distinctions, a person in crisis will likely always reach for the most familiar or most accessible number. Our 211 receives calls that are better suited for 911, and our 911 partners often receive calls that we can best answer. We recommend that resources should be invested to improve a unified single point of access with a blended partnership of the National Suicide Prevention Lifeline and United Way's 211 services. We believe in the power of partnership to address gaps, not duplicate services, and will be a valuable partner in the fight against suicide.

You can learn more about our work at [www.uwof.org](http://www.uwof.org), and can reach my office for additional questions or discussion at (850) 488-8776. Thank you for your time in addressing this important issue and for your consideration.

Sincerely,
